01. Did you know that GFT has been a partner of Guidewire since 2011?

Since 2011 we have grown our Guidewire delivery capability with clients in 12 countries, working in seven languages worldwide.

Today, GFT has a specialised centre of expertise in Canada and delivery of Guidewire services at centres in Costa Rica, Italy, Mexico, Spain, Poland and the UK.

02. Did you know that GFT has business and IT assets that accelerate your transformation?

Whatever your path, you will not walk it alone. Our consultants will be there from the initial steps of the project until the final delivery into production. Working with GFT means you will have access to a repository of business and IT assets that will significantly reduce the time required to complete your Guidewire project or your cloud migration.

03. Did you know that GFT has won three Guidewire innovation awards?

Customer satisfaction is our number one priority. On three occasions, the projects that we have delivered for our customers have received Guidewire innovation awards. There is no better success than a shared success.

04. Did you know that GFT is a leader in Guidewire Cloud implementations worldwide?

Being at the forefront of technology, we are able to leverage our extensive cloud expertise, and have deployed one of the largest implementations of Guidewire InsuranceSuite on the cloud for a major French insurance company.

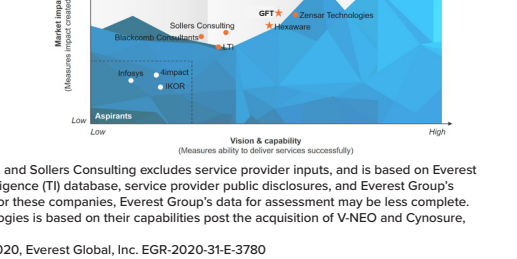

05. Did you know that GFT helps customers bridge the gap between insurtech and Guidewire core systems?

Established insurance companies can significantly accelerate innovation by leveraging the insurtech ecosystem, but bringing these two worlds together in an effective way requires experience. Being financial sector specialists and technologists at heart, our consultants are ideally suited to help you bridge the gap between insurtech innovation and the requirements of Guidewire's core systems.

06. Did you know that GFT is ranked highly by Everest Group?

With GFT's extensive experience and credentials, it is no surprise that analyst firm Everest has featured GFT as a Major Contender and a Star Performer in its latest Guidewire Services PEAK Matrix® Assessment.

Note 1: Assessment for 4Impact, Deloitte, EY, and Soliers Consulting excludes service provider inputs, and is based on Everest Group's proprietary Transaction Intelligence (TI) database, service provider public disclosures, and Everest Group's interactions with insurance buyers. For these companies, Everest Group's data for assessment may be less complete.

Note 2: Analysis for GFT and Zensar Technologies is based on their capabilities post the acquisition of V-NEO and Cynosure, respectively.
